- 10.1 The Customer must comply with all applicable laws and regulations governing the installation, download and/or access of i-Token Service, BEA App, BEA Mobile Banking and/or the Cyberbanking Service. The Customer shall be the sole owner of their designated mobile device(s) and must not use or allow any other person to use the i-Token, Biometric Authentication, BEA App, BEA Mobile Banking and/or the Cyberbanking Service for any unauthorised purpose. The Bank shall not be liable for any losses or any other consequences suffered or incurred by the Customer as a result or arising out of the Customer's failure to comply with the aforesaid requirement or any other terms of these Terms.
- 10.2 The Customer undertakes to take all reasonable precautions to keep safe and prevent fraudulent use of their designated mobile device(s) and its security information. Non-compliance of security precautionary measures as prescribed by the Bank from time to time would render the Customer liable for all unauthorised transactions and all direct and indirect losses or damages arising therefrom. The Bank may in its sole discretion update the security precautionary measures in relation to i-Token, Biometric Authentication, BEA App, BEA Mobile Banking and/or Cyberbanking Service and the Customer shall at all times follow such security precautionary measures accordingly.
- 10.3 The Customer must not access or use i-Token Service, Biometric Authentication, BEA App or Cyberbanking Service through any device or operating system that has been modified outside the mobile device or operating system vendor supported or warranted configurations. This includes but is not limited to devices that have been "jail-broken" or "rooted". A jail broken or rooted device means one that has been freed from the limitations imposed on it by the designated mobile service provider and the phone or device manufacturer without their approval. Access or use of i-Token Service, Biometric Authentication, BEA App or Cyberbanking Service on a jail broken or rooted device may compromise security and lead to fraudulent transactions. Use of i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking and/or Cyberbanking Service in a jail broken or rooted device is entirely at the own risk of the Customer. The Bank shall not be liable for any losses or any other consequences suffered or incurred by the Customer as a result thereof.
- 10.4 The Customer shall acquire appropriate mobile device(s) with requisite specifications and system requirement which enables i-Token Service, Biometric Authentication, BEA Mobile

Banking and/or BEA App to be installed and used therein and undertake to ensure that such mobile device(s) shall not cause any damage to i-Token Service, Biometric Authentication, BEA Mobile Banking and/or BEA App whether by virus, other contaminating or destructive properties or by any reasons whatsoever. The Customer shall also procure installation of the updates and the latest version of i-Token, Biometric Authentication and BEA App in the designated mobile device(s) from time to time.

- 10.5 The Customer agrees and acknowledges that installation and registration for i-Token Service and/or Biometric Authentication are generally free-of-charge but the Bank reserves the right to levy fees and charges against the Customer to cover the running and operating costs for i-Token Service and Biometric Authentication in the future. The Customer shall be solely responsible for any fees or charges that their telecommunication carrier may charge in connection with the transmission of data or the use of i-Token Service and Biometric Authentication.
- 10.6 The Customer acknowledges that the Bank may collect, store and use technical data and related information, including but not limited to information about the designated mobile device(s), system and application software, peripherals and other personal information that is gathered periodically to facilitate the provision of software updates, product support and other services (if any) related to i-Token Service, Biometric Authentication, BEA Mobile Banking and/or BEA App. The Bank may use such information, as long as it is in a form that does not personally identify the Customer to improve its products or to provide services or technologies.
- 10.7 The Customer understands the need to protect their mobile device, including but not limited to set a passcode of their mobile device and not permit any other persons to register their biometric credentials in their mobile device and/or use i-Token Service or Biometric Authentication.
- 10.8 Each mobile device may only bind one i-Token and one set of biometric credentials for Biometric Authentication.

11 The Bank's Responsibilities and Liabilities

- 11.1 The Bank shall use all reasonable endeavours to keep the Cyberbanking Service running smoothly. However, the Bank takes no responsibility for, and will not be liable for, the Cyberbanking Service (whether in whole or in part) being temporarily unavailable due to any causes that is beyond the Bank's control, delay or failure of any communication network or any party providing such access, or any other unavoidable events.
- 11.2 The Customer accepts that i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking and Cyberbanking Service may be subject to various information technology risks or force majeure events beyond the Bank's control, including but not limited to:
 - a. inaccuracy, interruption, interception, mutilation, disruption, unavailability, delay or failure relating to data transmission, communication network or internet connection;
 - b. unauthorised access by other persons (including hackers);

Under no circumstances shall the Bank be liable to the Customer for any incidental, indirect or consequential or exemplary damages including, without limitation, any loss of use, revenue, profits or savings (whether foreseeable by the Bank or not) arising out of or related to the access or use of i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking or Cyberbanking Service. The Bank's maximum liability (if any) to the Customer for loss in relation to the provision of i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking or Cyberbanking Service shall only be limited to the amount of the relevant transaction or the direct and reasonably foreseeable damages sustained, whichever is less.
- 11.4 i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking and Cyberbanking Service are provided on an "as is" basis with no representation, guarantee or agreement of any kind as to their functionality. The Bank cannot guarantee that no viruses or other contaminating or destructive properties will be transmitted or that no damage will occur to the designated mobile device(s). The Bank shall not be responsible for any loss suffered by the Customer or any third party as a result of the access or use of i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking or Cyberbanking Service by the Customer.

Without prejudice to the foregoing, the Customer understands and acknowledges the acceptance by the Bank of their submission of a request through use of the i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking or Cyberbanking Service does not amount to a representation or warranty by the Bank that:
- a. the i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking or Cyberbanking Service will meet the Customer's requirements;
 - b. the i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking or Cyberbanking Service will always be available, accessible, function or inter-operate with any network infrastructure, system or such other services as the Bank may offer from time to time; or
 - c. the use of the i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking or Cyberbanking Service or the Bank's processing of any request will be uninterrupted timely, secure or free of any virus or error.
- 11.6 The Bank shall not assume any responsibility or obligation for any transaction or error due to the failure of the Customer to provide or input sufficient or accurate data which result in the relevant transaction failing to be materialised or effected through i-Token Service, Biometric Authentication, BEA App, BEA Mobile Banking or Cyberbanking Service.
- 11.7 The Customer shall indemnify and keep the Bank indemnified against any consequences, claims, proceedings, losses, damages or expenses (including all legal costs on a full indemnity basis) (save and except for those loss or damages caused by negligence or wilful default or fraud on the part of the Bank) incurred or sustained by the Bank arising from or in connection with any breach of any of these Terms by the Customer.
- 11.8 The Bank shall be entitled to exercise any of its rights and remedies under these Terms (including the right to withdraw, restrict, suspend, vary or modify i-Token Service, Biometric

- 11.9 The Bank may provide hyperlinks to other websites which are not under the Bank's control. The Bank does not investigate, verify, monitor or endorse the content, accuracy, or any opinions expressed within these third party websites, and such hyperlinks are provided solely for the Customer's convenience.
- 11.10 The Bank may, from time to time, temporarily suspend the Cyberbanking Service in order to carry out maintenance work or to implement updates and upgrades. The Bank shall use its best effort to let the Customer know in advance the specific times when the Cyberbanking Service would not be available.
- 11.11 The Bank shall have the absolute discretion from time to time to determine the scope of the Cyberbanking Service, set or change the daily Cut-Off Time, temporarily or permanently discontinue the operations of the Cyberbanking Service without notice or responsibility to the Customer.
- 11.12 If the Customer becomes aware of any loss, misuse of Biometric Authentication, theft or unauthorised use of the designated mobile device(s) or reasonably believe or suspect that any other person knows the Customer's Security Details, the Customer undertakes to report such incident to the Bank immediately and shall disable i-Token and Biometric Authentication on their mobile device(s) immediately. In such circumstances, the Bank is entitled to deny any subsequent access to BEA App, BEA Mobile Banking or Cyberbanking Service, or activation of i-Token, use of Biometric Authentication by the Customer and terminate the i-Token Service or Biometric Authentication for the Customer accordingly.
