

MANDATORY TEMPERATURE TAKING FOR VISITORS

In view of the current COVID-19 situation, we wish to inform that Singapore Branch has implemented mandatory temperature taking for all visitors to the Bank premises as a precautionary measure.

All visitors will be required to have their temperatures taken and fill in a Travel Declaration to declare their travel history and contact details to facilitate contact tracing (if required) before entry to BEA Building can be granted.

Visitors with no fever, below 38°C, will be granted entry.

Visitors with temperature reading of 38°C and above will not be granted entry and are advised to seek medical attention.
