

1

Log into Cyberbanking.
Select **User Maintenance > Function Access Profile (FP)**.

The screenshot shows the BEA Singapore Corporate Cyberbanking interface. At the top, the BEA logo and 'SINGAPORE CORPORATE CYBERBANKING' are visible on the left, and a notification icon with a red '6' and a user profile 'XXXXX' are on the right. Below the header, there are two tabs: 'User Maintenance' (selected) and 'My Details'. The 'User Maintenance' tab is expanded to show a menu with two columns: 'USER MAINTENANCE' and 'ADMINISTRATION'. Under 'USER MAINTENANCE', the items are 'User List', 'Request Account (Creator only)', 'Function Access Profile (FP)' (highlighted with a red box), and 'Data Access Profile (DP)'. Under 'ADMINISTRATION', the items are 'Limit Setting' and 'Authorisation Matrix'.

Click  under **Action**, then click **Delete**.
